

# External Seminars

## Past Seminars 2011

26.01.2011	<i>"Screening for cytoskeletal regulators of angiogenesis"</i>	Harry Mellor,  Bristol
03.03.2011	<i>"GPCRs as metabolic sensors - physiology and pharmacology"</i>	Stefan Offermanns  Bad Nauheim
16.03.2011	<i>"Rac1 function in skin cancer and skin inflammation"</i>	Cord Brakebusch  Kopenhagen
13.04.2011	<i>"The actin binding proteins ezrin and merlin: Molecular switches in small GTPase activity control"</i>	Helen Morisson  Jena
04.05.2011  18.00  joint seminar mit MCB Colloquium	<i>"Rho GTPases – signalling in cancer cell migration and invasion"</i>	Anne Ridley  London
25.05.2011	<i>"Foxp2 repression by miR-9 is required for neuronal migration"</i>	Dr. Davide De Pietri Tonelli,  Genua

15.06.2011	“Role of microRNAs in pancreatic beta-cell function and dysfunction”	<i>Prof. Romano Regazzi, Lausanne</i>
06.07.2011	“mRNA Transport in Motor Neuron Diseases”	<i>Dr. Tilman Achsel, Leuven</i>
17.08.2011	“How genotoxic stress activates transcription factor NF- $\kappa$ B: A tale of poly(ADP-ribose)- and ubiquitin-scaffolds”	<i>Prof. Claus Scheidereit, Berlin</i>

**Location:** seminar room I

**Time:** 3 pm

Biochemical-Pharmacological Center, Karl-von-Frisch-Str. 1, Campus Lahnberge
