**UNIVERSITY
OF UDINE**

Why **UNIUD**

UNIUD is a young dynamic university whose mission, since its foundation in 1978, has been to promote higher education by imparting knowledge and generating new ideas at the cutting edge of society.

The key of our success at both the national and international level is the quality and enthusiasm of all of its components.

WE VALUE MERIT

Every year the best graduates of the University are awarded grants that include tuition reductions for enrollment in master degree courses and facilitations in job placement programs. Info: cort@uniud.it

MIND-FULLY

UNIUD offers various services to ensure the well-being of its students, so as to assist those who have problems adapting to university life or those who encounter difficulties during their studies. They comprise free laboratories for anxiety management, study methods, effective communication skills, mindfulness and meditation.

Learning at the heart of Europe

Udine University, situated in Udine, a town in the region of Friuli Venezia Giulia, north-eastern Italy, is in the very heart of Europe. UNIUD and Udine have a relaxed student-friendly atmosphere and are within easy reach of many places of interest in Italy, Europe and beyond.

Locations

FRIULI VENEZIA GIULIA

AT THE HEART OF EUROPE

Udine is at the heart of Europe. A few kilometers away there is Aquileia, an old Roman town founded in 181 BC, with rich archeological finds, where students and professors from the University often go on digs.

Aquileia also has the Heroes' Cemetery: from here, in 1917, the body of the Unknown Soldier was taken to Rome, where he now rests at the Altar of the Motherland, in memory of those who died in all wars.

Cividale del Friuli is one of the most important Longobard sites in the world, and San Daniele del Friuli is well-known for its quality ham. Palmanova is a star-shaped jewel, and there are numerous medieval castles in the Friuli hills.

LABORATORIES AND TEACHERS

At UNIUD you will find a staff of dedicated, experienced and inspirational teachers who will challenge you to achieve your best. You will work with enthusiastic researchers and lecturers in lectures, seminars and tutorials, and you will also find time for independent study.

All students are allocated a personal tutor, who will help you solve any problems you meet. There is a vast variety of laboratories available for you: state-of-the-art science laboratories, language laboratories and IT rooms.

LIVING SPACES

At the heart of your university experience you will find great accommodation, facilities, student support and social life. The campuses are all spacious, with plenty of gardens and green areas.

The libraries are well-equipped, so you can sit and study in peace. There is accommodation at student halls of residence, or if you prefer you can rent a flat in town. You can socialize with fellow students at the coffee machine or in the canteen.

THE EUROPEAN CREDIT TRANSFER AND ACCUMULATION SYSTEM (ECTS)

ECTS is the credit system for higher education used in the European Higher Education Area. ECTS credits are based on the workload students need in order to achieve expected learning outcomes. Learning outcomes describe what a learner is expected to know, understand and be able to do after successful completion of a process of learning. Further information regarding the number of ECTS credits awarded for each course is available at www.uniud.it

Living Udine

THE CITY AND ITS EVENTS

SURROUNDINGS

SPORTS IN FRIULI

Students who come and study in Udine always have a great experience and go away with a wealth of happy memories: they form life-long friendships and many stay on!

Udine is a people-friendly city: it offers all the attractions of a bigger center – pubs, cafes, restaurants, wine bars, coffee shops, discos, theaters, cinemas, gyms and so on – but it retains its human dimension – it is safe and compact, so you can walk or cycle everywhere and at all times of the day and night.

Moreover, music-lovers can supplement their university training at the local conservatory (www.conservatorio.udine.it).

The city has a very rich and varied calendar of cultural events: from music concerts (rock, pop, rap, jazz, classical) to the internationally acclaimed Far East Cinema Festival in April. And don't miss the food and wine extravaganza that is Friuli DOC (September). Shops, art galleries, museums: Udine has it all!

Knowledge Festival

In order to spread the love for knowledge, during the first weekend of July the University organizes an annual Knowledge Festival. The event is aimed at promoting an exchange of scientific research, educational trends and new knowledges through meetings with internationally acclaimed philosophers, writers, journalists and scientists in the town squares and through didactic laboratories, technological installations and debates.

There is just so much to see and do in and around Udine!

Cultural sites? Cividale is hard to beat, with its Longobard treasures, but there's also Villa Manin, near Codroipo, where Napoleon stayed before signing the Treaty of Campoformido (you can see his bed!), Palmanova, the star-shaped fortified town, and the Roman remains at Aquileia. There's the beautiful unspoilt countryside of the hills and valleys, where you can eat local food and drink local wine for next to nothing at the "frasche" or village "sagre". If you want to venture further afield, (Trieste is only 70 kilometers away, Venice 140, and if you want to visit other countries, Austria, Slovenia and Croatia are nearby and easily reached by public transport).

If you like sport, come to Friuli!

We have a vast range of sporting facilities to offer. Situated half-way between the mountains and the sea, the choice of sport is yours: in winter you can head north to the mountains, for skiing (all types, from Alpine to cross-country), snowboarding, sledding, skating and tobogganing. Or in summer you can hike, climb, swim in the Alpine lakes, cycle or mountain bike.

If you prefer the sea, it's just a short ride (or cycle) away. You can go to Grado or Lignano, where you can swim, sail, kite surf, wind surf, canoe, do water aerobics or snorkeling (the Trieste coast is best for this), bodyboarding, jet ski, beach volleyball- or simply laze on the beach of course. And if you're a football fan, you have to go to Stadio Friuli to watch Udinese!
