Welcome

Thank you for choosing to study at the University of Wolverhampton.

Each year, many international students join our friendly community in the centre of England, or study our degrees through our partner institutions overseas. We look forward to your voice adding to the diverse cultural makeup of our University, city and region.

Here at the University of Wolverhampton we pride ourselves on being the University of Opportunity. This means giving our students the opportunity to develop the knowledge, skills and confidence to impact on the global economy.

Our excellent teaching, facilities and support are reflected in the satisfaction of our students – measured each year in the National Student Survey. We received a commendation, the highest possible accolade, from the Quality Assurance Agency (QAA) for 'the enhancement of student learning opportunities', recognising that everything we do is geared to providing students from all backgrounds and abilities with a quality education and excellent prospects.

By providing placements, work experience and volunteering opportunities we prepare our students for the world of work; this is reflected in our graduate employment rate, 96% of our Class of 2017 were in work or further training six months after graduation.*

Our research community explores areas of life that affect us all in fields as diverse as brain tumours, diabetes, caste and culture, sports science, language and digital technologies.

We hope you find the enclosed information useful. Please don’t hesitate to get in touch with us if you have any questions.

I look forward to welcoming you to the University of Wolverhampton.

Geoff Layer
Vice-Chancellor

*Destination of Leavers from Higher Education Survey

We look forward to your voice adding to the diverse cultural makeup of our University, city and region.”

Introduction

Dear student,

Congratulations on deciding to study at the University of Wolverhampton. We’d like to take this opportunity to welcome you to our University and our city. Within this guide, we’ve made every effort to answer your questions about what to do before and after your arrival.

Key contacts

Key dates and information

Here are the key dates you need to know. You can also find the full academic calendar online. It is essential that you make arrangements to arrive in time to attend the WLV Welcome.

The University of Wolverhampton will welcome students back onto campus in September. WLV Welcome will take place from Monday, 21 September 2020 with teaching starting for undergraduate students on Monday, 28 September 2020.

Postgraduate students will be starting slightly later this year on Monday, 26 October 2020 to enable the University to manage the numbers of new students arriving on campus and to ensure staff members can provide the extra support to students on arrival.

Teaching will take the form of blended learning – which means a mixture of both face-to-face delivery on campus and virtual lessons or lectures. In light of the COVID-19 pandemic, the safety and wellbeing of students and staff is even more paramount. Staff are returning to campus in a phased way to ensure social distancing measures are in place to protect the University community.

On 8 June 2020, the UK government implemented a policy of self-isolation for anyone arriving in the UK. The aim is to help manage the risks to public health from coronavirus (Covid-19).

We recommend that you refer to the UK Government Guidelines before you travel. Currently, students arriving in the UK are required to self-isolate for a period of 14 days unless they are travelling from a country which is listed in Coronavirus (COVID-19) travel corridors (for England).
Before you arrive: important documents

It’s important that you remember to bring certain items with you and make some necessary arrangements before travelling.

You MUST bring the following documents with you and carry them in your hand luggage:

1. Offer/Confirmation of Acceptance for Studies (CAS) statement
   This is the final confirmation of your firm acceptance of your unconditional offer onto the course of study, issued by the Admissions Unit. Your CAS statement will be made available to you through e-Vision and it will include:
   - your personal details
   - your CAS number
   - details of the course you intend to study
   - details of the qualifications you have used to apply for the course
   - confirmation of the tuition fees and how much you have already paid
   - the University of Wolverhampton Sponsor Licence Number and address.
   You may request a CAS statement once you have met all the conditions of your offer.

2. Passport
   The documents required to enter the UK are different depending on which country you come from. You must have a valid passport or travel document to prove your identity.
   If you are an EU/EEA national, you will be admitted to the UK with the minimum formalities and only need to show a valid passport or identity card to enter the UK.
   EU/EEA nationals have freedom of movement to enter the UK until 31st December 2020. If you enter the UK prior to this date the University will support you in applying for pre-settled status through the EU settlement scheme. It is advisable to carry a letter with you carry a letter with you confirming you have been offered a place of study at the University of Wolverhampton in case you are asked any questions about your intentions at the border. This information only applies to students from an EEA country or Switzerland.

3. Visa/entry clearance
   Immigration Rules and the requirements for each visa category can change with very little notice so always make sure you check the current guidance at the time you are getting ready to apply.
   Generally, most international students will need a Tier 4 (General) student visa to study in the UK but you can also check the Government’s Visas and Immigration webpages as they have further details about the types of visas available and who they are suitable for.
   Most nationals from non-EEA states who wish to come to the UK to study courses longer than six months are required to obtain a visa (also called ‘entry clearance’) before coming to the UK.
   To apply for a student visa, you must claim 40 points. The points are divided as follows:
   - 30 points for having the CAS number and providing evidence of all the qualifications listed on your CAS record.
   - 10 points for having financial evidence to show you meet the maintenance requirements. Please check our Bank Statements guidelines.
   There may also be other requirements you need to meet, such as having a TB health certificate or Academic Technology Approval Scheme (ATAS) certificate. These requirements may depend on your nationality or the course you intend to study.

   When and how to apply
   The application process will be online or paper-based, according to which country you live in. To check which procedure is relevant for you, please visit go.gov.uk/check-uk-visa.
   You can apply for the visa at any time in the three months leading up to your course start date. Do not leave it until shortly before you travel to apply for your visa as it may take longer than expected to process the application. It is your responsibility to allow yourself enough time for your visa to be processed before you make your travel arrangements. Make sure you don’t lose any information by saving your application regularly. Once you’ve finished, print a copy off for your records.

Our Applying for Visas page has detailed information about applying for a visa. The application form is completed online and then you will need to attend an appointment in order to have your biometric data captured and to submit your documents/attend an interview. This video is also aimed at helping international students understand the visa application process.

To apply for your Tier 4 (student) entry clearance overseas, you will need to find your closest Visa Application Centre and check with them what their procedure for visa applications is.

To apply for your student visa in the UK, you must first make an appointment with our Visa and Immigration Support team for an assessment of your documents. You will then be given assistance with the online application. Please remember other documents required (originals only) are:
- your passport or travel document, valid for at least six months after your date of departure for the UK
- two recent passport photographs
- your CAS letter
- financial evidence to show that you have enough money to pay for your tuition fees and living expenses. This is equal to the remaining tuition fees you need to pay for the year, plus £1015 per month for at least the first nine months of study. Please see how living costs are calculated for visa purposes here.

Your VISA responsibilities
If you hold a Tier 4 visa for study at the University of Wolverhampton, both you and the University have responsibilities to the Home Office during your studies and we must work together to make sure you meet the requirements of your visa. These responsibilities are detailed on our Your Responsibilities page.

Please note, it is a requirement of your visa that you attend your lectures and submit coursework. Failure to attend regularly and to submit coursework will result in your visa sponsorship being withdrawn, and your visa will be curtailed.
Before you arrive: fees and living costs

**Paying University fees**
There are several ways in which you can pay your fees. Note that all payments should be made in pounds sterling.

Once you have paid your deposit and secured your visa, you may want to pay more or all of your remaining tuition fees before you leave home.

You can also arrange to pay the remaining fees when you arrive for enrolment.

**You can choose to:**
1) pay in full
2) pay in instalments (three equal instalments).

**How to pay?**

A) Pay online

Pay in advance using our ePayment facility. Please quote your University student number, name and date of birth when making any payments to the University. All major credit cards are accepted – details are on the ePayment page.

B) Pay by bank transfer

Bank-to-bank transfer is one of the quickest ways to make payment. Please see the University of Wolverhampton Notification of Payment Advice form included with your acceptance letter from the International Office. You can also download the notification of payment form.

C) Credit/Debit Card

D) Cheque

E) Direct Debit

All payments should be made payable to 'The University of Wolverhampton'. Please remember cash should not be sent through the post and will be not be accepted for payment of fees and accommodation.

Find out more about available discount schemes, scholarships and financial support for international students, visit our dedicated webpage.

**Living costs**

All students must provide UKVI with evidence they can pay their living costs, maintenance, and tuition fees.

- You will need to provide evidence of 9 months of living expenses at £1,015 per month (£9,135 per year).

- If your course lasts for less than nine months, you will need £1,015 per month of the course (e.g. for six months, you need £6,090). Remember: this is in addition to the outstanding balance of your tuition fees.

- If you will be bringing dependants with you to the UK, you will also need to meet a financial requirement as part of your visa application. Dependants are required to have £680 per month (e.g. £6,120 for a nine month course or £4,080 for a six month course).
Before you arrive: accommodation

It is important that you have arranged your accommodation before you arrive in the UK.

Information and guidance
The UK Government currently require those arriving from non-exempt countries to quarantine for 14 days. For this reason as well as the health, safety and wellbeing of all our students and staff, we would advise students joining us this autumn to stay in university accommodation. You can live within University managed accommodation at the City, Walsall or Telford campuses with the option of either ensuite or standard (shared bathrooms) room.

Within your bedroom you will find the following:

- Desk
- Chair
- Wardrobe, including drawers
- Bed Base
- Mattress
- Shelving
- Sink (within standard accommodation)
- Carpet
- Curtains/Blinds

When you are given an unconditional offer from the University, book your accommodation. For more information about university accommodation you can visit wlv.ac.uk/accommodation

This September/October, students will be allocated rooms to the campus where their course is taking place. This is to ensure our students and staff are safe and that travelling between the different campuses is kept to a minimum during the COVID-19 crisis.
Pre-Arrival Guide For International Students

12

Your journey to Wolverhampton

This section is all about helping you get to Wolverhampton as smoothly as possible!

It includes some great tips, whether you have travelled to the UK before or not. Make sure you label your luggage with your new UK address. UK weather can change very quickly – so make sure you pack a variety of clothes – but don’t worry, there are many options for shopping if you need them. You can also buy any heavier items you might need in the UK.

Please check the UK Customs list of food items you can and cannot bring. We highly recommend arranging appropriate travel insurance.

You will need to arrange your bank account, complete your NHS registration and police registration (if required), as well as explore the city and campus!

Important documents
You may need to show some documents at immigration when you arrive into the UK – it’s best to carry these in your hand luggage when you travel. These may include:

- your passport (with visa for non-EEA students)
- your CAS letter and unconditional offer letter
- your original examination certificates as stated in your CAS letter
- any medication that you are currently taking, medical certificates and records
- your accommodation contract
- evidence of your finances for your tuition fees and living costs.

Financial evidence
You must provide a bank statement that covers 28 days. The money must be in your bank account or your parents’ personal account; it cannot be in any other relative or friend’s account (unless they meet the UKVI definition of an official financial sponsor).

If you are using your parents’ bank account, you will also be required to submit extra supporting documents with your application, such as your birth certificate and an additional letter from your parents confirming their relationship to you and that they give you their consent to use their account for funding your studies and living costs.

The money must be in the account at the time you apply for the visa and must have been constantly in the account for a minimum of 28 days before the date of your visa application. The final closing balance cannot be more than 31 days before the date of your visa application.

Travelling to Wolverhampton

Birmingham International Airport is the closest airport to all University of Wolverhampton campuses. From Birmingham International, you can travel to the University by:

- Train. The airport railway station has frequent, direct services to Wolverhampton (about 45 minutes) and good connections to Walsall (about 45 minutes) and Telford (60-80 minutes).
- Coach. Find current services and timetables at National Express.
- Taxi. An official 24-hour taxi rank is outside arrivals, with a taxi journey to the University of Wolverhampton taking approximately 30 minutes. Taxis can be very expensive – to book your taxi in advance and potentially save money on the metred fare, pre-book online.

Airport Meet and Greet from Birmingham Airport (BHX)
If you are arriving at Birmingham International Airport, coach transport will be available (TBC) to take you to our University campuses on the following dates:

- 17, 18, 19, 20 September 2020 for undergraduate starters

To book your airport pick up, CLICK HERE.

Wolverhampton train and coach stations are a few minutes’ walk to the University’s City Campus. Randall Lines and Lomas Street/North Road accommodation is within 1 kilometre of the city centre.

The city has good transport links, including regular buses and trains, to Walsall and Telford. For more advice on how to make your way to the University, please contact the Global Opportunities Office.
When you arrive

Welcome to the University of Wolverhampton!

Collecting your keys
If you are staying in university-owned accommodation, you will have received information from Accommodation Services about moving in to Halls of Residence. You can sign/collect your keys from 10am on your moving in date. If you have any questions – or perhaps need to move into University halls before your contract start date, contact Accommodation Services: accommodationservices@wlv.ac.uk.

If you intend to live in a private house, or private halls of residence, you will need to arrange details directly with your landlord.

Collecting your Biometric Residence Permit (BRP).
Your Biometric Residence Permit will be delivered to the post office specified on the letter you will have received when your visa was granted. Once your self-isolation period is complete, you must go to that post office to collect your BRP. Please do not attempt to pick up your BRP during your self-isolation period, or from a different post office.

Opening a bank account
There are many banks with branches in Wolverhampton, and some offer special deals to students. To open a UK bank account you will need at least your:
- passport
- ‘Letter of Introduction to UK Banking Facilities’. You can request this through e:Vision once you are fully enrolled.

Health centre registration
You must have valid medical insurance in your home country and we recommend that you contact your own health insurer for further advice before coming to the UK.

As long as you are enrolled on a course lasting for more than six months, you will be entitled to National Health Service (NHS) treatment in the UK, but you must be registered with a local doctor. To make registration easier, bring the following:
- your TB health certificate and any chest X-rays if these are required for your visa
- details of all vaccinations that you have received
- medical records if you have any pre-existing conditions (with English translation)
- any medication that you are currently taking (including a letter from your doctor in English, confirming which medication you are carrying).

There is a charge for prescribed medicine and some services such as dentists and opticians. You may be able to get a reduction for some medical costs by completing a HC1 form. The Students’ Union will be able to give you more information following enrolment.

Enrolment
When you arrive at the University, you will be required to complete your enrolment. Full details of how to enrol on your course will be available when you arrive and can be found online. You must enrol by the deadline given on e:Vision.

Enrolment instructions
Enrolment will be available closer to your course start date. Before you enrol, you must register for an IT account. Once you have accepted the terms and conditions for using our IT services, you will be able to continue with your enrolment. Once you are registered, you can enrol.
- Login to your e:Vision account.
- Follow the Enrolment link and the instructions on screen.
- You will be prompted to enter your personal and contact information, including uploading a copy of your passport and visa to your record. Please make sure that your details are up-to-date, as details you provide will be used to contact you.
- Check that the details of your course and fee status are correct. Once all this is complete, you can go ahead and confirm your enrolment.

Online ID check
All international students will need to complete an ID check. You will need to upload a copy of your passport, vignette, and the front and back of your Biometric Residence Permit once you have collected it.

If you have any problems with enrolling online, please contact your Faculty Student Services.
Other information

Arrived in Wolverhampton and explored the city? All settled in to university (and British) life? The following information will help you feel even more at home.

Mentoring
The Students’ Union offers an orientation and mentoring service to first year students – with support from Welcome Week and beyond. Your mentor can help with issues such as personal development and time management; provide a friendly face to voice concerns; and offer you a chance to practise your English and settle into University life.

Learning and Information Services
Developing academic and employability skills is key to your success. We offer a full programme of opportunities to help you develop your skills and access to valuable information to support your assignments, essays and projects. For more details, visit: wlv.ac.uk/skills.

The Chaplaincy
The Chaplaincy team, including male and female members, are drawn from different faiths. Offering guidance and support, we aim is to listen to you and encourage you to discover your own path in faith and in life. There are opportunities to join in a variety of activities such as faith societies, international café events and visiting British people in their homes at Christmas time. For more details, visit wlv.ac.uk/chaplaincy.

Careers
Our team of careers advisors can help you investigate your future career options. We offer practical support at all stages of your job applications. For more details, visit wlv.ac.uk/careers.

Working on campus
The University of Wolverhampton offers opportunities to gain work experience on campus. Learn more about the WXP programme and apply now!

Part-time working
As an international student, you may be able to work part-time during your studies, depending on what type of visa you have. Part-time work is valuable not only for financial support while you are studying, but also to enhance your CV and demonstrate transferable skills to potential graduate employers.

Conditions of your Tier 4 visa for part-time working
If you have a Tier 4 visa, there are certain rules that the University and students have to follow. Your visa will be withdrawn by UK Visas and Immigration, and you would be required to leave the UK if you break the rules, even if you have not completed your studies.

UK Visas and Immigration regularly make changes to the Tier 4 student visa category that may affect your status retrospectively. The University will keep you informed of all the changes.

If you have any questions or require support or advice about any visa or immigration issues, please contact:

Visa and Immigration Support Officer
Alan Turing Building (M101), City Campus Wulfruna
+44 (0) 1902 322 545 visa-enquiries@wlv.ac.uk

The definition of ‘holiday’ for visa purposes will also vary according to what course you are doing.

◆ Undergraduate students have a holiday period at Christmas, Easter and in the summer.
◆ Postgraduate students have a holiday period at Christmas and Easter, but not the summer, as this is when you will usually be writing your dissertation.
◆ PhD students will be able to take short periods of leave from their PhD with the permission of their supervisor.

Don’t forget that studying full-time is just like having a full-time job – your studies should be your priority!

Please remember if you are a current student from outside the EU, you must apply for a national insurance number before you can work in the UK.

Please note: If you have a Tier 4 student visa and are on a full-time degree-level course, you will usually be permitted to work for 20 hours per week during term-time and full-time in holiday periods. Some types of work, such as entertainment, are not allowed under a tier 4 visa. You can get advice from here.

If you have a Tier 4 student visa, and are on a course below degree level, you can only work for 10 hours per week during term-time and full-time in holiday periods.

Please remember International students on a Student Visitor visa are NOT permitted to work in the UK.
Help and advice

Starting university is exciting, scary, fun and challenging no matter where you’re from – so for an international student away from home, it can be an even more daunting new experience.

If you’re not sure who to talk to, or contact, then ask at any of the offices below – if we can’t help you, we know someone who can!

**e:Vision Helpdesk**

Our online Office Helpdesk, available through e:Vision, allows you to view Frequently Asked Questions or log a new help call if you cannot find an answer. We will confirm receipt of your query and send you an email advising you when we have resolved this.

**Other support available**

- Your Faculty Student Services
- Student Support & Wellbeing (supporting students with disabilities)
- Counselling Services
- The Chaplaincy
- Students’ Union Advice and Representation Centre
- English language Support
- Global Opportunities Office (GO Office)

---

**CHECKLIST**

To help you in preparing for University, use our CHECKLIST

*Get ready for your stay at the University of Wolverhampton by finalising:*

- Accommodation
- Medical examinations
- Your Confirmation of Acceptance for Studies (CAS)
- Your student visa
- Your flight and travel insurance
