The Philipps University, founded in 1527, offers multiple award-winning teaching for around 22,000 students and tackles the important issues of our time with excellent research across a broad spectrum of science.

The Department of Mathematics and Computer Science, research group on “Explainable AI”, Prof. Dr. Christin Seifert is currently accepting applications for three positions as

Student assistant

Your tasks:

- You create tutorials on introductory programming and machine learning topics.
- You organize workshops for interdisciplinary groups of students.
- You supervise groups of students working on different projects around AI and its applications.

Your qualification:

- You are enrolled at a German university.
- You speak and write English fluently; German is a plus.
- You have very good programming skills and are willing to learn new technologies. Knowledge of python and PyTorch is a plus.
