Deutschhausstraße 10
35037 Marburg

Date:

**Confirmation of an internship to be completed in the course
"M. Sc. Sustainable Development"**

Ladies and Gentlemen,

It is hereby confirmed that the completion of a professional internship of at least **four weeks** in non-departmental institutions whose fields of activity have clearly recognizable references to the study content and professional fields of the "Sustainable Development" course represents a compulsory elective (module "Internship Small", 6 CP) in accordance with § 6, paragraph 9 and § 11 as well as Annex 5 (Internship regulations) of the examination regulations for the Sustainable Development (M.Sc.) degree program in the Department of Geography in the version dated December 8th, 2021. The internship can be full-time or part-time. An internship report must be submitted on the activity.

It is also confirmed that the completion of a professional internship of at least **eight weeks** in non-departmental institutions whose fields of activity have clearly recognizable references to the study content and professional fields of the "Sustainable Development" course represents a compulsory elective (module "Internship Medium", 12 LP) in accordance with § 6, paragraph 9 and § 11 as well as Annex 5 (Internship regulations) of the examination regulations for the Sustainable Development (M.Sc.) degree program in the Department of Geography in the version of December 8th, 2021. An internship report must be submitted on the activity. The internship can be full-time or part-time. The internship can also be divided into time periods. These sections can also be completed at different institutions, companies or organizations. In this case, the activity within the individual internship position must not be less than a four-week full-time activity.

Therefore, it is confirmed that the internship that

completed at

from _____ to _____

is approved and recognized by the Department of Geography.
