Statistical Analysis of Medical Data with R

Wahlfach-Programm Erfolgreich Promovieren!

Learn how to:

Manage and manipulate data sets with tools like `dplyr`.

Summarize and describe data using descriptive statistics.

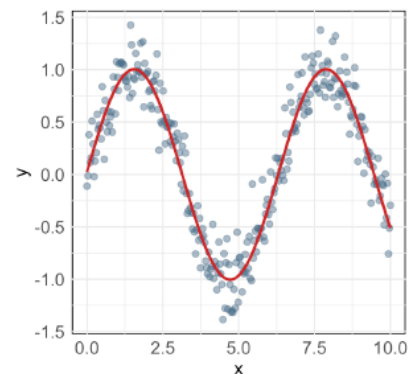

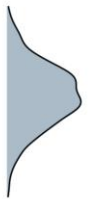

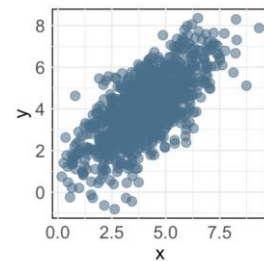

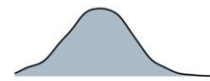

Create clear and compelling visualizations with `ggplot2`.

Apply these skills using data examples.

WF KL: Einführung in die statistische Analyse medizinischer Daten mit R
Event number LV-20-107-865
Turnus: every semester

Institute for Medical Biometry and Statistics (IMBS)
