Optional Courses (Wahlfächer)

In addition to the courses listed above, it is possible to include "Wahlfachmodule" to your Learning Agreement. You will find these courses, by logging on to our [course catalogue](#), choose "Studienangebot" and "Veranstaltung suchen" and type "WF KL". To register to one of those optional courses, you have to get in contact with the person/professor who is offering it and ask whether the course takes place and places are still available. You'll find further information on the courses as well as contact details in the course catalogue.

Important:

We cannot guarantee that all optional courses, listed in our course catalogue will take place or that places are available. Only the responsible person/professor for the respective optional course can give you information on that.

The quantity of ECTS-Points for Optional Courses is based on the amount of SWS (Semesterwochenstunden) doubled: So for an Optional Course with an extent of 3 SWS you can achieve 6 ECTS, for an Optional course with 2 SWS can you include 4 ECTS in your Learning Agreement in so far the responsible professor confirmed your request. Please, include the Optional Course only to your Learning Agreement when you received a confirmation of participation from the responsible professor.
