**Call for Applications: Teaching Assignments „Introduction to Gender Studies“ for the summer term 2027**

The Center for Gender Studies and Feminist Futurology in Marburg offers teaching assignments for the summer term 2027 for a course "Introduction to Gender Studies". The course shall introduce students to the analysis of gender-specific and gender-hierarchical problem constellations in contemporary societies and their intersection with other dimensions of power, domination, and inequality.

The compensation for the teaching assignment is 80€ per hour taught, adding up to a maximum of €2400. (The higher hourly rate compared to our other teaching assignments is due to the size of the seminar: more than 40 participants are expected.) In addition, on request the Center for Gender Studies and Feminist Futurology covers travel expenses up to €300.

We accept applications from scholars with a Master's degree in any discipline. Please use the [course proposal form](#) for your application and send it to: [genderzukunft\(at\)uni-marburg.de](mailto:genderzukunft(at)uni-marburg.de). **Deadline for applications is 28.2.2026.**

We look forward to your applications.

Best regards

Dr. Marie Reusch
