Studienkolleg Mittelhessen

## Studienkolleg Mittelhessen

Information for applicants from PASCH-schools

# Studienkolleg: Bridging the gap from school to university

The Studienkolleg Mittelhessen is an institution of the Philipps-University Marburg that aims to prepare students from foreign countries for academic study at one of the three universities the Studienkolleg cooperates with, Technische Hochschule Mittelhessen, Justus-Liebig Universität Gießen and Philipps University Marburg. The three universities offer almost the whole range of courses that are available all over Germany. All three universities are nearby.

After having successfully finished the Studienkolleg, you will be eligible to study either at one of these three universities or at any other university in Germany.

The preparation courses are held over two semesters. You may start a course at the Studienkolleg either in September (winter semester) or in March (summer semester).

As a graduate from one of our partner schools (PASCH) you will be looked after and coached intensively before and after your arrival in Germany:

- Assistance finding accommodation, rental agreement
- Assistance setting up a bank account, health insurance, interacting with the foreign office
- Guidance by our experienced tutors how to set up a mobile-phone contract, medical needs and other daily problems
- Free tutoring if needed

# Specific classes at Studienkolleg Mittelhessen:

On completion of the two semesters at the Studienkolleg, you will take an exam called "Feststellungsprüfung".

The Studienkolleg offers classes with four different focuses:

- G-course: for humanities
- M-course: for medicine and biology
- W-course: for economic science
- T-course: for natural sciences and engineering

After completion of the chosen classes, students will be prepared to study any subject at any university in Germany.

The matching of the university's course of studies to the Studienkolleg's classes can be found at

[www.uni-marburg.de/de/studienkolleg/fachkurse/pasch/bewerbung-fuers-studienkolleg](http://www.uni-marburg.de/de/studienkolleg/fachkurse/pasch/bewerbung-fuers-studienkolleg)

The following subjects are the contents of our classes:

- G-course: German, German Literature, sociology, statistics
- M-course: medicine and biology; German, biology, mathematics, chemistry, physics
- W-course : German, mathematics, economic and political science, sociology
- T-course: German, mathematics, physics, chemistry, computer science

# Entrance Exam

In order to get a place in the Studienkolleg you must sit an entrance exam. Students from PASCHschools may take this exam during the last year at school in their home country. The ZfA-consultant, your study advisor or the Goethe-Institut (for applicants from FIT-schools) can provide you with further information about entrance exam dates.

The format of the entrance exam is as follows:

- Applicants must take a German test, except applicants for the M-, W-, T-course who have successfully passed the DSD2-exam. For applicants for the G-course the German test is mandatory.
- Applicants who would like to attend the M-, W-, T-course must also take a mathematic test

For sample exams, please take a look at [www.unimarburg.de/de/studienkolleg/fachkurse/pasch/be\\_werbung-fuers-studienkolleg](http://www.unimarburg.de/de/studienkolleg/fachkurse/pasch/be_werbung-fuers-studienkolleg)

Students who graduated from school more than six month ago and cannot take part at the test at their old school anymore have to apply via uni assist: [www.uni-aassist.de](http://www.uni-aassist.de) The deadline for the winter semester is the 15th of April., for the summer semester the 15th of October.

# German courses at the Studienkolleg

For those applicants whose German skills are not sufficient for specific classes, we offer German classes as a preparation for the entrance exam.
