

Writing your bachelor thesis with MARG (as starting in 2021)

- At the end of your BSc program you have to write a BSc thesis. **We, the team of the Management Accounting Research Group (The MARG), is happy to support you in this endeavor.**
- To prepare you properly, we have defined an **"integrated process"**. This process consists of (i) a BSc seminar and (ii) your thesis. We make sure that the seminar discusses the topic of your BSc thesis. This clearly gives you a head-start for your thesis.
- Regarding the process: Both, the seminar and the thesis, are scheduled for a single semester (including flexible timing of the thesis to allow sufficient time for outstanding exams).
- In case you are interested in writing your thesis with The MARG, please send [1] a current CV and [2] a recent transcript of records to Ms. Michelle Schlosser (michelle.schlosser@wiwi.uni-marburg.de)

The schedule (summer and winter term)
