### **Job Advertisement:**

### **Student Assistant**

The Macroeconomic Unit at the Department of Economics recruits a student assistant for 20 hour/month at the earliest possible date.

The job involves participation in research projects by collecting data and conducting literature overviews. The student assistant will support the Macroeconomic team members in updating lecture material and in administering examinations.

The candidate should study Economics or a closely related subject on the Master level and should have successfully completed the lecture Empirical Macroeconomics or a comparable econometrics course. Proficiency in English and German, and basic knowledge in Spanish is required.

For more information or any inquiries, please contact Israel García ([domingui@staff.uni-marburg.de](mailto:domingui@staff.uni-marburg.de)).

The University of Marburg is an Equal Opportunity/Affirmative Action Employer.

**Interested persons should send their job application by e-mail to Israel García, Macroeconomic Unit, Department of Economics, University of Marburg, [domingui@staff.uni-marburg.de](mailto:domingui@staff.uni-marburg.de) no later than 17 May 2020.**
