

Poster organisation

Session 1				
Monday , 23rd August 2021 13:45 - 14:45h.				
Status	Authors	Title	Number	Room
Poster	Lucy Jackson	A Game of Phones: An Investigation into Yorkshire Accent Imitation in the Television Series, Game of Thrones	1	1
Poster	Laura Schmidt	A forensic-phonetic study of the Russian accent in German	3	1
Poster	Rodmonga Potapova and Nikolay Bobrov	Acoustic peculiarities of the Russian speech of female drug addicts	5	1
Poster in progress	Samantha Williams	Designing a new non-native English accent classification system for forensic applications	7	1
Poster	Paula Rinke	"On the basis of sex...": a study on auditory gender identification	9	1
Poster in progress	Lois Fairclough	Examining within-session intra-speaker variation using computational models and phonetically-derived representations of speakers.	11	1
Poster in progress	Lauren Harrington	The effect of regional accent on human and machine transcription performance	13	1
Poster in progress	Umar Muhammad, Peter French, Eleanor Chodroff and Georgina Brown	A Comparative Analysis of Nigerian Linguist Native Speakers and Untrained Native Speakers, UK Phoneticians and Y-ACCDIST (automatic accent recognition system) Categorising Four Accents of Nigerian English	15	2
Poster in progress	Leah Bradshaw and Thayabaran Kathiresan	Exploring the applications of temporal rhythmic variability and automatic speaker recognition systems for dialect discrimination	17	2
Poster in progress	Victor Ibañez, Andrea Fröhlich and Akos Dobay	Synthetic voice detection using machine learning techniques	19	2
Poster in progress	Bence Halpern, Fionn Kelly and Anil Alexander	Speaker-informed speech enhancement and separation	21	2
Poster in progress	Andrea Fröhlich	Testing the Newest Phonexia Speaker Recognition System With Forensic Eval01 and Further Corpora	23	2
Poster	Simon Gonzalez	The creation of a robust pronunciation dictionary in Spanish for speech force-alignment	25	2
Poster	Georgina Brown	Proposing Problem-Based Learning to teach Forensic Speech Science	27	2
Session 2				
Tuesday , 24th August 2021 14:00 - 15:00h.				
Status	Authors	Title	Number	Room
Poster in progress	Adrian Leemann, Hannah Hedegard, Péter Jeszenszky, Carina Steiner and David Britain	Earwitness evidence accuracy revisited: estimating speaker age, height, weight, geographical origin, political affiliation, and education	2	1
Poster	Natalia Nudga, Radek Skarnitzl	Imitating Russian Accent in Czech	4	1
Poster	Meike de Boer and Willemijn Heeren	Within-speaker consistency across languages: The realization of [m] in L1 Dutch and L2 English	6	1
Poster	Chiara Meluzzi, Sonia Cenceschi and Alessandro Trivilini	Does the use of anti-Covid mask influence speaker's identification?	8	1
Poster	Eman Kassem and Mervat Fashal	Phonetic Investigation of Voice Under Stress: Real Criminal Cases with Egyptian Arabic speakers	10	1
Poster in progress	Laura Smorenburg and Willemijn Heeren	The telephone effect on the acoustics and strength-of-evidence from /s/	12	1
Poster in progress	Krestina Christensen and Philip Harrison	Spectral effects on fricatives /s, z, f, h/ from mobile phone transmission	14	1
Poster in progress	Thom van Hugte	Interspeaker variation in creaky voice in Dutch	16	2
Poster	Willemijn Heeren	Test speaker sample size: speaker modelling for acoustic-phonetic features in conversational speech	18	2
Poster in progress	Nikita Suthar, Peter French, Philip Harrison and Vincent Hughes	The Role of Vowel Formants in Forensic Speaker Identification: A Study of Vowels in Marwari as Spoken in Bikaner	20	2
Poster in progress	Ben Gibb-Reid, Paul Foulkes, Vincent Hughes and Traci Walker	I just called to say: The potential of the word just as a speaker discriminant	22	2
Poster	Junjie Yang, Eugenia San Segundo, Li Guohui, Zhang Lanxin, Li Yalong and Chen Gaofeng	How Many People Knock on the Table When Talking: An Investigation into Speakers' Individual Differences in Hand-Tapping Behavior	24	2
Poster in progress	Yu Zhang, Lei He and Volker Dellwo	Between-speaker variability is explained differently in the speeds of mouth opening and closing movements: the case of English	26	2
Poster in progress	Stefanie Martin, Gea de Jong-Lendle, Roland Kehrein and Martin Duckworth	The variability of stuttering: A forensic phonetic study	28	2
Poster	Gea Dejong-Lendle, Heinrich Wack, Roland Kehrein, Paula Rinke, Ramona Kaul and Laura Schmidt	Auditory Motorcycle Recognition: Experts vs Non-Experts	30	2
