

MARA DAY 2015

MARA DAY is a day for informational exchange and networking among junior scholars at Philipps-Universität Marburg. Invited to the afternoon event are all doctoral candidates and postdocs at Philipps-Universität Marburg as well as students on the verge of graduation who are interested in informing themselves about funding and training opportunities for junior scholars.

At the evening event, doctoral candidates and postdocs who are members of MARA will have the opportunity to present their research project to a wider audience in a brief, three-minute talk and/or by means of a poster presentation. We invite all scholars and those interested in science and research to attend this event at Landgrafenschloss. The best talk and best poster presentation will be awarded a prize at the end of the event.

Afterwards, all participants are invited to a standing reception in the foyer of the Fürstensaal.

Registration for the evening event
