

# Arrival Instruction

**Center for Synthetic Microbiology**  
Karl-von-Frisch-Str. 14  
35043 Marburg

## Arrival by bus:

### **Bus stop “Botanischer Garten”**

**When starting at “Hauptbahnhof”** (central railway station, bus lines 2, 7, 11, 27, 75, X35):

When leaving the bus at “Botanischer Garten” (after about 6 stops in between), walk along to the left and through the underpass. After about 100m, turn to the left. Follow the footpath until you reach the road (Baustraße). Turn to the right and continue walking until you can see the institute building and just walk towards.

**When starting at “Erlenring”** (bus line 9) **or at “Südbahnhof”** (bus lines 7, 27):

When leaving the bus at “Botanischer Garten” (after about 5 stops in between), turn to the left and walk along the footpath right next to the road. Then turn to the right at the crossroads. Follow the footpath/road and keep slightly to the left at the next turn. Walk in parallel along the parking garage lying on the left side.

After about 100m, turn to the right and follow the footpath until you can see the institute building and just walk towards.

## Arrival by car:

### **Parking lots next to the Biology Building**

**Destination in Google Maps is 50.806435, 8.807326**

*Scanning the QR code shown on the right, navigation using Google Maps will open automatically.*

When leaving your parking lot, turn to the left towards the little forest. After about 50m, turn to the right until you see the institute building and just walk towards.
